

## Empower your team through self-service

Many simple IT issues can often be handled on a self-service basis. Rather than waiting in a queue for IT support, you and your team are empowered to solve simple and repetitive issues by securely accessing SOPs shared by KubeNet through MyGlue.

## Why KubeNet MyGlue?

- Access the latest SOPs provided by KubeNet to solve simple IT issues such as how to troubleshoot a printer, or how to add an email account to a mobile phone
- Use the Chrome Extension to easily access anything stored in MyGlue without ever leaving the webpage you're on
- We can also provide you with reference documents such as business continuity, contracts, contact lists, agreements... things you'd otherwise have to call them for
- Airtight security: SOC 2 compliance, role-based permissions, audit trail, version history, two-factor authentication, and more

## At-a-Glance Benefits

- Enhance productivity
- Easily and securely access the latest SOPs supplied by KubeNet
- Airtight security
- Access your information from the web app or via the Chrome Extension

## Why MyGlue?

- Collaborate easily
- Turn individual knowledge into business knowledge
- Centralize team information
- Increase overall efficiency
- Streamline processes
- Tighten cybersecurity
- Immutable audit trail
- Complete revision history
- SOC 2 compliant

## Getting Started

Ask KubeNet for more information about deploying MyGlue at your organization, or visit the MyGlue help page for step-by-step guides to getting started with documenting passwords and standard operating procedures.
